Dear Sisters and Friends,

As I once again approach the idea of creating a message for you, I feel that the Lord has put upon my heart the thought of doing a job to the best of our ability. Each of us has different jobs in our Branches or Areas. Some of those jobs place us in a position of prominence and some are background or support positions, but ***all are crucial!*** When elected to an office, we should be delighted to have had the confidence placed in us, not be somewhat irritated that no one else accepted the job.

When we were baptized, we promised to serve God to the best of our ability. Part of serving God to the best of our ability is serving His People, His Church and His Auxiliaries at our most able level.

Recently, Apostle Paul Palmieri, when asked about the beginning of Zion told us that he believes that Zion's onset is dependent on our level of preparedness. How awe-inspiring to think that we have the power to bring forth this marvelous era of time and that the requirement is fostering the traits that make us the best Saints we can be.

What are you doing to bring forth this Kingdom? Each of us can think about how busy we are each day, however, we need to seriously consider if we are busy in doing the work of the Lord. Ask yourself what else you could do. Regardless of the size of the job, someone must accomplish the task. Let us pray to God for His Love, His Spirit, His Grace to be His Saints. When was the last time you said, "Lord use me"?

All my love,
